Identification Number: C00207993

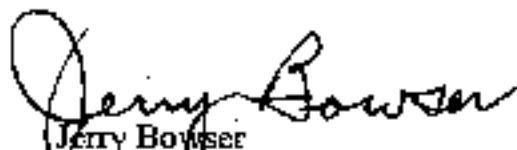

Reference: Post-Gen. Report (10/17-11/5/02)

Dear Sir or Madam:

Regarding our 2002 Post General FEC Form 3, please note that we are aware that the beginning balance does not agree with the ending balance of the last report filed. While reconciling this report we identified a \$50 unitemized contribution error which occurred between the time we filed the original and amended pre-general reports. The error is to an entry for the 3rd quarter, which was also amended and contains that same error. Amendments to reflect this correction will follow shortly.

Also note that the totals in column B of the summary sheets are not for just for the 2002 campaign cycle transactions (11/6/96-11/5/02) as stated on the form, but included all transactions between 11/6/96 and 11/25/02. We understand from our campaign provider that you are aware of this discrepancy and we were directed to file it as is. If you meant the total to be just through 11/5, please let us know if we need to resubmit our report once the totaling problem is corrected.

Respectfully submitted,

Jerry Bowser
Treasurer
